1. Introduction

The document contains the basic UI diagrams of our desire project. The document will be used later for further documentation and development.

2. Graphical user Interface Representation

2.1. Login Screen

The diagram illustrates the login screen for the Project Status Tracking System. It features a central login form with fields for 'User Name*' and 'Password*', a 'Login' button, and links for 'Registration' and 'Forget Password'. The screen is framed by a header and footer area containing a welcome message and a copyright notice.
